Creating Positive Environments Foundations for Success for Children with Hearing Loss

Providence, RI March 12, 2007

The 13th annual **Rhode Island Hearing Assessment Program (RIHAP)** Seminar will be held at the beautiful Rhode Island Convention Center in downtown Providence, RI on Monday, March 12, 2007. A distinguished faculty of academics and clinicians who specialize in childhood hearing loss will be lecturing on language development, new techniques in pediatric hearing assessment, counseling for families, genetics of hearing loss and auditory neuropathy. In addition, the 5th annual RIHAP Art Exhibit created by Rhode Island school children who have hearing loss, "My Favorite Story is..." will be held in conjunction with the seminar.
